

**UC Irvine Health**

# 1st Annual Hematology Symposium

---

Saturday, April 30, 2016

Disney's Grand Californian Hotel® & Spa  
at the Disneyland® Resort in Anaheim, Calif.

UC Irvine Health faculty members and distinguished guest speakers will discuss innovations in the diagnosis and management of complex hematologic issues. Topics include thalassemia, myelodysplastic syndrome, platelet disorders including thrombotic microangiopathies, target-specific oral anticoagulants and their reversal, and evaluation of suspected bleeding and clotting disorders. An engaging format is planned utilizing integrated board-style questions combined with use of an audience response system. This activity has been approved for *AMA PRA Category 1 Credits*.™
